

Autumn's finger fun

A Harvest handplay. Show dexterity and count to ten.

Appreciate the different kinds of fruit that grow in our gardens and hedgerows.

Words by Dany Rosevear.

1. Raise one finger for each fruit. 2. Wiggle fingers, wiggle thumbs. 3. As before, mime picking fruit from hand. 4. As before, raise fingers, show fingers, show thumbs. Show both hands.

Apple, pear, peach, plum,
Wiggle fingers, wiggle thumbs.
Peach, plum, fig, cherry,
Pick them when they're ripe and ready.
Blackberries raspberries, apricots,
How many fingers have we got?
Eight fingers, two thumbs
And two hands for finger fun!
