

# Three little oak leaves

*Everything in nature has its uses!*

*It might be hot, the sun is shining but there's already leaves beginning to show their Autumn colours on the trees.*

*Music by Dany Rosevear*

Three little oak leaves, red, yellow and gold  
Were happy when the weather turned cold.  
One said, "I'll make a coat for an elf  
So he will be able to warm himself."  
One said, "I'll make a home for a bug  
So that she will be all safe and snug."  
One said, "I'll cover a seed in the ground  
'Til spring, it will be very safe and sound."  
Three little oak leaves, red, yellow and gold  
Were happy when the weather turned cold.
