

On my toꝝ thereꝝ is a fleꝝa

A tickle rhyme to play with baby and toddlers.

It's giggle time while learning to name parts of the body and the concepts of up and down.

Make fingers wander up and down child. Older children can do it to themselves.

On my toꝝ thereꝝ is a fleꝝa,
Now he's climbing up on me;
Past my belly, past my nose,
On my head where my hair grows.

On my head thereꝝ is a fleꝝa,
Now he's crawling down on me;
Past my belly, past my knee,
On my toꝝ, take that, you fleꝝa!
