

We have planted in our garden

<https://riverofsong.uk/>

There are all sorts of pests ready to consume our carefully tended garden produce. This is a Czech folk song from Children's Songs from Other Lands by C. K. Offer, W. Paxton & Co Ltd.

This version came from BBC radio's Music Time Summer 1973. The first verse also appeared in Time and Tune Autumn 1965.

The musical score is written on three staves in G major (one sharp) and 3/4 time. The first staff contains the melody for the first line of the first verse, with lyrics: "We have plant - ed in our gar - den beans and peas and pick - ling cab - bage; Came our". The second staff continues the melody for the second line: "neigh - bour's gree - dy chick - ens and scratched them all up. Get you". The third staff concludes the first verse: "home you gree - dy chicks, or we'll chase you off with sticks! Shoo! Shoo! Shoo!". Chords D, A7, and D are indicated above the notes. The piece ends with a double bar line and three 'x' marks on the staff.

We have planted in our garden beans and peas and pickling cabbage;
Came our neighbour's greedy chickens and scratched them all up.
Get you home you greedy chicks, or we'll chase you off with sticks! Shoo!
Shoo! Shoo!

We have planted in our garden lots of maize and mangel wurzels;
From the churchyard rats of all kinds came and ate them all up.
Get you home you thieving rats, or we'll buy a dozen cats. Shoo! Shoo!
Shoo!
