

All the little ducks turn upside down

<https://riverofsong.uk/>

A movement song with a lovely quiet ending, ideal for winding down.

1. Hold palms out and turn them over. 2. Put palms together and wiggle from side to side. 3. Flap elbows up and down. 4. Flap hands up and down. 5. Hands open and close like beaks. 6. Squat down with hands to the cheek.

All the lit - tle ducks turn up - side down, Up - side down,
 up - side down, All the lit - tle ducks turn up - side down, As they
 dab - ble at the bot - tom of the pond.

All the little ducks turn upside down,
Upside down, upside down,
All the little ducks turn upside down,
When they dabble at the bottom of the pond.

All their little tails go wiggle, waggle, wiggle...

All their little wings go flap, flap, flap...
When they've dabbled at the bottom of the pond.

All their little feet go paddle, paddle, paddle...

All their little beaks go quack, quack, quack...

All the little ducks fall fast asleep,

Fast asleep, fast asleep,
All the little ducks fall fast asleep,
When they snuggle up to mother in the pond.
