

# Welcome in the new day

<https://riverofsong.uk/>

*Listening to a list of 'kind' words on a recent song of mine one of my granddaughters felt strongly that 'welcome' should have been on that list as it was definitely a word that made others feel good. This song hopefully highlights how important it is to encourage children, such those from other communities, to feel included and comfortable in the group's setting. Choose other words of welcome relevant to a child's first or second language or a topical theme. Words and music by Dany Rosevear.*

We're here to welcome,  
We're here to welcome.  
To welcome in the new day. / week / year  
For once again we'll see all our friends  
Together in work and play.  
And we'll welcome, welcome,  
Welcome each other this way:  
*Bienvenue, willkommen, witamy,  
hoş geldin,*  
So happy you're here today!
