

The minibeast parade

<https://riverofsong.uk/>

Move like the minibeasts.

An echo song with actions and instrumental accompaniment.

From BBC Radio for schools 'Music Box' by Veronica Clark published 1995.

All trace of this dear little song seems to have disappeared from the internet.

Tap thighs in time to the 'poms' of the chorus. Make up hand / arm actions for movements of each minibeast and add these to the echo lines.

Choose percussion instruments to match each minibeast.
