This song from Trinidad is usually regarded as a chanty or work song, it is also popular at community events to sing when it is time to leave; here it is sung as a gentle going to bed lullaby.

Time for man go home, — Time for man go home, — home. — It's
 time for man and it's time for beast, Time for man go home, — The
 bird in the bush go kwa, kwa, kwa. Time for man go home, —

Time for man go home,
 Time for man go home,
 Time for man go home,
 Time for man go home.
 It's time for man and it's time for beast,
 Time for man go home.
 The bird in bush go kwa, kwa, kwa,
 Time for man go home,
 Time for man go home,
 Time, time time, Time for man go home.

Time for man go home,
 Time for man go home,
 Time for man go home,
 Time for man go home.
 It's time to go and it's time for bed,
 Time for man go home.
 It's time to go and the sun go down,
 Time for man go home,
 Time for man go home.
 Time, time time, Time for man go home.
 Time, time time, Time for man go home.
