An Autumn hand play.

Building a bonfire this Autumn? Be on the look out for the little hedgehog, it might be sleeping.

1. Interlock fingers then make spiky hands with thumbs out for the head. Shake finger. Look frightened. Make ball shape with hands.

2. As before. Cup hands to make nest. Make bonfire shape. Wag finger. Hand to forehead. Place hands to the side of the head. Hand to mouth and shout.

I'm a little hedgehog,
Brown and small.
Very prickly,
Not that tall.
When I'm feeling frightened,
Away I crawl,
And curl up tightly,
Into a ball!

I'm a little hedgehog,
Here's my nest,
When it's autumn,
Leaves are best.
If you build a bonfire,
I must suggest,
You check inside
Where I sometimes rest!
WAKE UP HEDGEHOG!!
