A Ukrainian counting hand play.

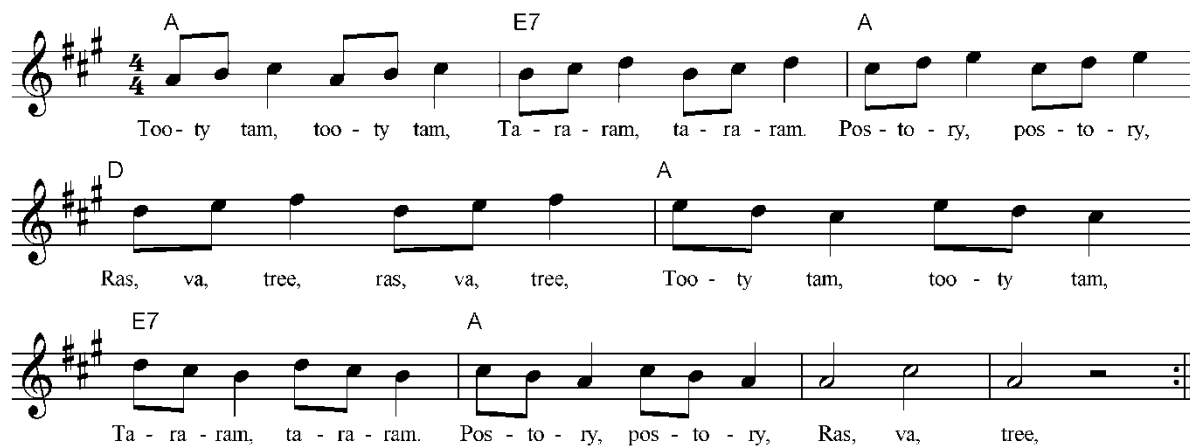

Learn to sing this musically versatile song phonetically in Ukrainian up and down the scales. Hear it sung in Ukrainian:

I had previously translated and sung this in English as 'Here and there':

Then my young granddaughter came to visit and after listening to it in Ukrainian: <https://www.youtube.com/watch?v=Eruf6V-V700> persuaded me she could teach me to sing it. She has a good ear for language. We also played it on the tongue drum and made a number song to help us play it. This would also work on a keyboard and has a distinctive pattern.
