

Hickey tickety

<https://riverofsong.uk/>

A simple traditional number bond song. For three to four year olds.

It can easily be adapted to learn number bonds to ten.

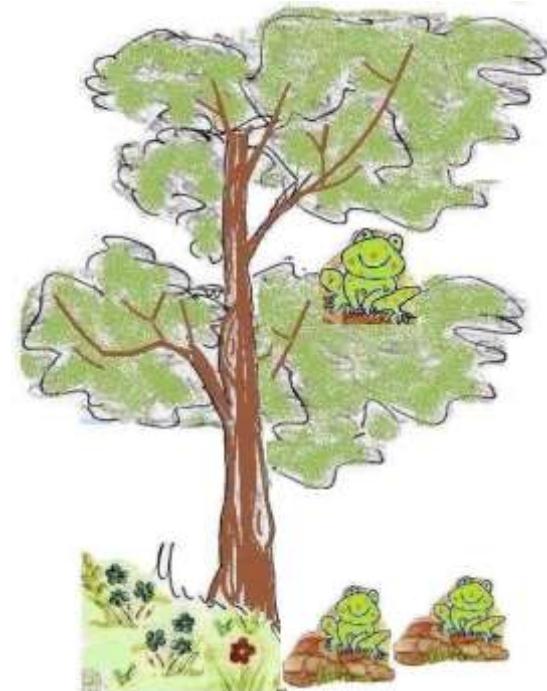

From 'Sing a song one' published by Nelson in 1978 for the Inner London Education Authority TV series of the same name.

The teacher sings the chorus while clapping and then holds up a number of fingers. When children call out the number the verse is spoken in rhythm and the chorus sung again. Encourage children to join in once they are familiar with the clapping and the words.

Unaccompanied
