

# Five little snowflakes

<https://riverofsong.uk/>

*A lovely song to dance to while learning about 'one less'*

*Use hands or the whole body to dance like snowflakes.*

*On the last verse, like the snowflakes, fall gently to the ground.*

Five little snowflakes dancing here and there

One blew away in the cold winter air!

Four little snowflakes dancing here and there...

Three little snowflakes dancing here and there...

Two little snowflakes dancing here and there...

One little snowflake dancing here and there...

No little snowflakes, not one to be found  
For five little snowflakes have fallen to the ground!
