Winter is cold,  
There is snow in the sky,  
The squirrel gathers nuts  
And the wild geese fly;  
The little red fox,  
Has his fur to keep warm,  
The bear's in her cave,  
Sleeping all through the storm.

Sleep, sleep, deep sleep, all winter long,  
Wake up in the Spring, for the little birds sing,  
Jump up and join in with their song.
