

Happy hearts

<https://riverofsong.uk/>

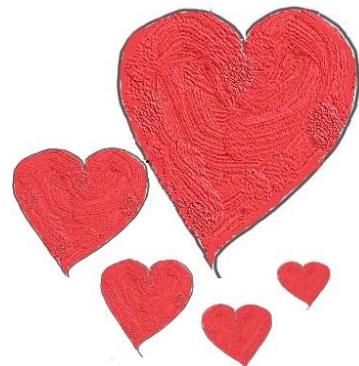

A song for St. Valentine's day or any other day.

It is often difficult to express what you wish to say clearly and so much easier to make a simple sign to show your feelings, especially affectionate ones. Recipient can be changed to 'You're my very dear mother' / father etc. Set to a French tune with words by Dany Rosevear.

1. Make heart with thumbs and forefingers. Pull hands towards heart. Blow a kiss. 2. As before then point to friend and cross hands over heart. Point to self, hands to heart, point to friend. Thumbs up.

When you make a heart with your hands, With thumbs and your fin - gers like this, It
shows that there's love, so much love in your heart, It's as good as blow - ing a kiss. When you
make a heart with your hands, You show you just want to say, "You're my
ve - ry good friend and I love you, Hap - py, hap - py St. Val - en - tine's Day!"
I'm so hap - py that you're here to - day!"

When you make a heart with your hands,
With thumbs and your fingers like this,
It shows there's love, so much love in your heart,
It's as good as blowing a kiss.

When you make a heart with your hands,
You show you just want to say,
"You're my very good friend and I love you,
Happy, happy St. Valentine's Day.
Happy, happy St. Valentine's Day.

When you make a heart with your hands,
You show you just want to say,
"You're my very good friend (dear mother etc.) and I love you,
I'm so happy that you're here today!"
I'm so happy that you're here today!"
