

A flea went hopping

<https://riverofsong.uk/>

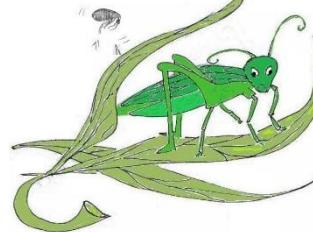

A follow my leader round the circle game by Jenyth Worsley.

Add other creatures that hop or jump, especially those that live in Australia.

Children sit in a circle, one child is chosen as the flea. The flea hops or jumps round the outside of the circle as the song is sung. On the word 'grasshopper' the flea stops and the nearest child becomes the grasshopper ready to follow the flea round the circle. The game continues with new creatures joining the line. If this is a challenge for younger children split the group into smaller circles.

A flea went hopping, hopping, hopping,
Over the field where the grass is green.
On his way he met a grasshopper...
Won't you follow my leader with me?

A flea went hopping, hopping, hopping,
Over the field where the grass is green.
On his way he met a grasshopper...
Won't you follow my leader with me.

A grasshopper went hopping, hopping, hopping,
Over the field where the grass is green.
On his way he met a little frog...
Won't you follow my leader with me.

A frog went hopping, hopping, hopping,
Over the field where the grass is green.
On his way he met a rabbit...
Won't you follow my leader with me.

A rabbit went hopping, hopping, hopping,
Over the field where the grass is green.
On his way he met a kangaroo...
Won't you follow my leader with me.

A kangaroo went hopping, hopping, hopping,
Over the field where the grass is green.
On his way we heard him calling...
Won't you follow my leader with me.
