

Good morning, merry sunshine

<https://riverofsong.uk/>

This song was a familiar one with American families at the beginning of the last century. I found three completely different tunes and chose this one for its simplicity, it can be found on children's records in the 1940s and 50s. You can hear another tune [here](#). Capo: 2nd fret

Good mor - ning, mer - ry sun - shine, How did you wake so soon? You've
scared the lit - tle stars a - way and shone a - way the moon. I
saw you go to sleep last night, Be - fore I stopped my play. How
did you get way o - ver here, So ear - ly in the day?

Good morning, merry sunshine,
How did you wake so soon?
You've scared the little stars away,
And shone away the moon.
I saw you go to sleep last night,
Before I stopped my play,
How did you get way over here,
So early in the day?

I never go to sleep, dear child,
I just go 'round to see,
The little children of the East,
Who rise to watch for me.
I waken all the birds and bees,
And flowers on my way,
Then last of all, the little child
Who stayed out late to play.
