Los pollitos dicen: pío, pío, pío,
Cuando tienen hambre, cuando tienen frío.
La gallina busca el maíz y'el trigo,
Les da la comida, y les presta abrigo.
Bajo sus dos alas, acurrucaditos,
Y'hasta el otro día, duermen los pollitos!

Hear the little chicks go: cheeepy, cheeepy, cheep, cheep,
When they get too hungry, when they feel the cold creep.
Mother hen she looks for wheat ears and some corn seed,
She will find them food and keep them warm and cosy,
Under mother's soft wings snuggled up so safely,
Sleep my little chicklets 'til tomorrow wakes you!
