

Follow the path of kindness

<https://riverofsong.uk/>

The way to go! A kind smile, word or deed can make such a difference in our busy and often unthinking world. Take a moment to wonder what might be done to make others happy, it will make you feel good too. I originally wrote this song for the New Year but felt it had something to say about how we should behave all the year round with our friends, family and other folk we meet. Words and music by Dany Rosevear.

Follow the path of kindness,
Be honest, be wise and be true;
Follow that path with love in your heart,
Be thoughtful, be caring, be you.
Sail down sunlit streams to follow your dreams,
For life will be good if you do.

As we go on our way with a smile we will say,
"Dear friends come along with us too,
"Dear friends come along with us too!"

Alternative verse:

Sing in each New Year with gladness and cheer,
Sing "Happy New Year to you!" x2
