wrig - gled a - long like this With - out a sound. It

came to a ti - ny hole A ti - ny hole in the ground, It

wrig - gled right in - side, With - out a sound. ||

A tiny, tiny worm
Wriggled along the ground
It wriggled along like this
Without a sound.

It came to a tiny hole,
A tiny hole in the ground,
It wiggled right inside,
Without a sound.
