*Second verse: be flexible and exchange mother for other family members or friends, a favourite colour can be substituted too.*

**1<sup>st</sup> verse: Make rabbit ears with hands, place sleeping hands to the side of face. Form a basket with cupped hands. Distribute eggs. Put hand to brow and look around.**

Easter Bunny comes at night  
With its Easter basket bright;  
Filled with eggs of every kind  
For the children all to find.

Easter eggs, Easter eggs. Purple, red and blue.  
The purple is for mother, The red one is for you!

Easter eggs, Easter eggs. Orange, green and blue.  
The orange is for me, The green one is for you!
