

# Good morning little yellow bird

<https://riverofsong.uk/>

*'Who are you?' A repetitive, simple song, perfect for young children.*

*This call and response song was published in 1921 by Richard Compton to a German folk tune.*

*Sing this song at the beginning of term to say hello and introduce oneself. Pass a yellow bird puppet around the circle as each child sings their name and asks the next child theirs. Alternatively the teacher can point to each child and help them sing their name if necessary.*
