

Honeybee, honeybee

<https://rivzrofsong.uk/>

Still busy as night draws near.

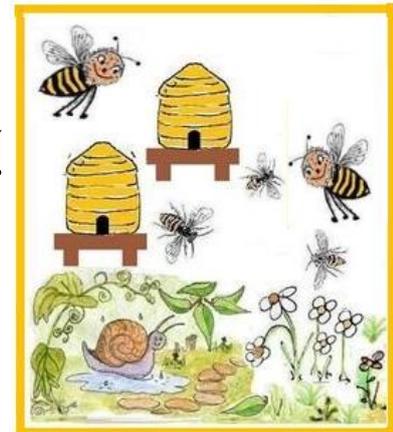

The summer is a time when insects are busy and bees are the busiest of all.

Adapted from the German and sung to a German folk song'.

Hon - ey - bee, hon - ey - bee, far from home, Round - a - bout, in and out, how you roam!
Fly a - way, fly a - way, don't you hear? Hon - ey - bee, hon - ey - bee, night is near.

Honeybee, honeybee, far from home,
Round about, in and out, how you roam!
Fly away, fly away, don't you hear?
Honeybee, honeybee, night is near.

Butterfly, butterfly, fold your wing!
How it glows on the rose as you swing!
Fly away, fly away, don't you hear?
Butterfly, butterfly, night is near.

Katydid, katydid, all is still,
On the leaf, in the tree, on the hill!
Sing your rhyme, it is time, never fear,
Katydid, katydid, night is near.
