

# Begin with peace

*We all long for peace around the world and for others to live in safety with their neighbours, however different they may be.*

*We can help in small ways but peace will only come if each of us starts with peace, love and generosity in our hearts and by the way we live our lives.*

*Words and music by Dany Rosevear.*

Be - gin with peace, peace, — peace in your heart, in your heart, Feel it grow as it  
flows in your soul. — A stream, a wa - ter - fall, hear its voice, hear its dear  
call, It whis - pers love, whis - pers hope to us all. Peace will come when we walk, hand in  
hand, hand on heart, When we laugh, when we talk to - geth - er. — Peace will come when we  
sing as the lit - tle bird takes wing, For with peace, hope and love we hold trea - sure. —

Begin with peace, peace, peace in your heart, in your heart,  
Feel it grow as it flows in your soul,  
A stream, a waterfall, hear its voice, hear its dear call  
It whispers love, whispers hope to us all.

Peace will come when we walk, hand in hand, hand on heart,  
When we laugh, when we talk, together.

Peace will come when we sing as the little bird takes wing,  
For with peace, hope and love we hold treasure. x2

For you just know, yes, you know with that peace in your heart,  
Love will blossom in your life and your soul,  
Live a life as you should, for each other, for the good,  
Its whispered song reaches out to us all.
