

Bend with the wind

<https://riverofsong.uk/>

A simple movement song from ABC Playschool.

Go out, run and enjoy being buffeted by the wind, enjoy its strength and identify its direction; lick a finger and hold it up. Use a compass to name winds and discuss the sorts of weather they bring; sing 'The North wind doth blow'. Add the second verse when the wind is blowing leaves off the tree; whirl and twirl down to the ground.

Bend with the wind, Bend with the wind, Sway,

sway, and bend, Bend with the wind.

Bend with the wind, bend with the wind,
Sway, sway and bend, bend with the wind.

Fall with the leaves, fall with the leaves,
Fall, fall, fall with the leaves.
