

Blow a kiss

<https://riverofsong.uk/>

A contactless partner greeting game. Needs a big space preferably out of doors. Some will recognise this as from the Covid era!

Words and music by Dany Rosevear,

Children stand a sensible way away facing a partner in a space. Make the actions suggested by the words as they sing. After the last refrain wave and then walk 'La, la ing' to the music of the refrain to find new partner.

Blow a kiss, watch it fly; It sends a hug through the sky.

Blow one back with all your might, Catch it quick And hold it tight.

That's the way our friend - ship grows, Clap your hands and touch — your toes!

La, la!

Blow a kiss, watch it fly;
It sends a hug through the sky.
Blow one back with all your might,
Catch it quick and hold it tight.
That's the way our friendship grows,
Clap your hands and touch your toes!

Bow like this with a smile,
I'll bow back, just a while.
Give a wave then smile again
Both of us can be good friends!
That's the way our friendship grows,
Clap your hands and touch your toes!
La, la, la, la, La, la, la,
La, la, la, la, La, la, la, la!
