

Fly little bird (1)

<https://riverofsong.uk/>

A simple circle game set in the minor key. A warm welcome for migratory birds that move to more temperate lands essential for their survival.

Words and music by [Nancy Stewart](#) © who has kindly allowed this music to be used freely (not for profit).

Children sit in a circle, one child, the bird flies round the outside. On the last line they enter to circle and choose food from proffered hands. That child becomes the new bird. More ideas at Nancy's website.

home lit - tle bird you must be tired And I have food for thee.

Fly little bird across the mountains,
Fly out over the sea.
Come home little bird, you must be tired
And I have food for thee.
