*The tiny snowdrop is the harbinger of Spring of better times to come or at least warmer weather!*

*This dear little poem was written by Christina T. Music by Dany Rosevear.*

se - cret The lit - tle flow - er told: "Though win - ter still is here, It has - n't long to  
stay, I came a - head to tell you That spring is on its way!"

I found a tiny snowdrop,  
A-blooming in the cold,  
I'll share with you the secret  
The little flower told:  
"Though winter still is here,  
It hasn't long to stay,  
I came ahead to tell you  
That spring is on its way!  
That spring is on its way!"
