

All around the daffodils

A simple circle game for Spring.

Children hold raised hands in a circle to form arches. One child holding a daffodil weaves in and out of the windows. When 'Just choose me!' is sung, they take the hand of the closest child and both continue weaving in and out of the windows. The song is repeated until all the children are holding hands in a long line; the leader then makes a bridge against the wall and everyone goes through.

All a-round the daf - fo -dils, One, two, three, If you want to find a friend, Just choose me!

All around the daffodils,
One, two, three,
If you want to find a friend,
Just choose me!
