A very old saying about heavy rain. Collect other sayings about the weather.

Use fingers to imitate the raindrops and mime animal movements with hands – the video will show you how.

It's raining cats, it's raining dogs, They're falling from the sky.
It's fun for fish, it's fun for frogs, But not for you nor I!

It's raining cats, it's raining dogs,
They're falling from the sky.
It's fun for fish, it's fun for frogs,
But not for you nor I!

It's raining cats, it's raining dogs,
They're falling from the sky.
It's fun for fish, it's fun for frogs,
But not poor butterfly!
