

Tell me why the stars do shine

A classic song full of wonder and just perfect as a lullaby.

Two further verses added by Dany Rosevear inspired by its lyrics.

Tell — me why — the stars do shine, Tell — me why — the i — vy twines,
Tell — me why — the skies are blue, And I will tell you just why I love you!

Tell me why the stars do shine,
Tell me why the ivy twines,
Tell me why the skies are blue,
And I will tell you just why I love you!

I don't know why the stars do shine,
I don't know why the ivy twines,
I don't know why the skies are blue,
One thing I do know is that I love you!

Tell me where the stars do shine,
Tell me where the ivy twines,
Tell me where the skies are blue,
And I will tell you just where I love you!

Way up high the stars do shine,
Round the old oak tree the ivy twines,
Above the clouds the skies are blue,
Asleep in my arms is where I love you!
