

Wobble, wiggle and hop

<https://riverofsong.uk/>

The life cycle of a frog. Discover how frogs grow and thrive, especially during the abundance of life so prevalent in the Spring.

Make appropriate hand movements for each stage in the life cycle of a frog.

The image shows two staves of musical notation in G major, 2/4 time. The first staff contains the melody for the first line of the song, with lyrics: "Lots and lots of lit - tle black dots Live in our gar - den pond. They go". The second staff contains the melody for the second line, with lyrics: "wib - ble wob - ble, wib - ble wob - ble, in a clump of jel - ly bub - bles all day long." Chord symbols (G, Em, C, D7) are placed above the notes.

Lots and lots of little black dots live in our garden pond.
They go wibble wobble, wibble wobble,
In a clump of jelly bubbles all day long.
What have we got? - FROGSPAWN!

Lots and lots of sprogs or polliwogs swim in our garden pond.
They go wiggle wagggle, wiggle wagggle,
Round the weeds they swirl and dabble, all day long.
What have we got? - TADPOLES!

Lots and lots of little green croakers leap out of our garden pond.
They go hop-a-long and jump-a-long,
Just listen to their joyful song, "Spring has come!"
What have we got? - FROGS!
