

# Way up in the sky..

<https://riverofsong.uk/>

*This song can be interpreted in two ways; as a sentimental action play for toddlers and youngsters or in a more mocking style as in the scouting tradition with exaggerated movements and loud voices towards the end of the song.*

**Thrown up hands, fly with your hands. Rock cupped hands. Rest head on hands. Flap left then right crooked arm. Make sleeping action as before. Whisper SHHH! Shout, SLEEPING! Draw a sun, show falling dew with hands and wiggling fingers. Throw out hands at each 'good morning'. Open and close thumbs and forefingers.**

Way up in the sky, The lit - tle birds fly, While down in their  
nest — The lit - tle birds rest. With a wing on the left, And a  
wing on the right, The dear lit - tle birds slum - ber all through the night.  
Shhhh! they're sleep - ing. Then the bright sun comes up, And the dew falls a -  
way; "Good morn - ing," "Good morn - ing," All the lit - tle birds say.

Way up in the sky,  
The little birds fly,  
While down in their nest  
The little birds rest.  
With a wing on the left,  
And a wing on the right,  
The dear little birds slumber all through the night,  
SHHH! They're SLEEPING!  
The bright sun comes up,  
The dew falls away,  
"Good Morning," "Good Morning."  
The little birds say.
