

# Sing a song of spaceships

<https://riverofsong.uk/>

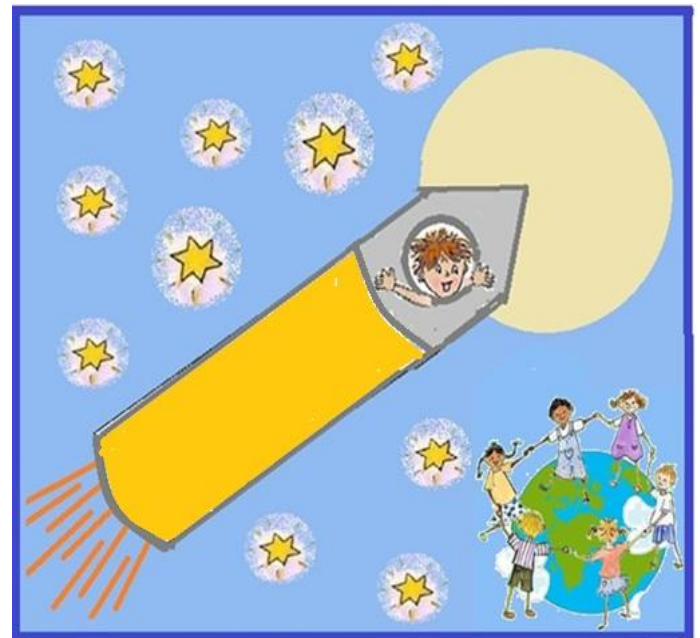

*Children are fascinated by the solar system and the concept of space travel.*

*The first verse was written by June Tillman, and the second by Dany Rosevear, to celebrate the astronauts conducting research aboard the Space Station as it orbits our planet.*

Sing a song of space-ships, Rock - ets zoom off high, Sing a song of space- ships,  
Spark - ling in the sky. Sing a song of space - ships, Go - ing to the moon, I  
hope the space - ships will be safe And come back ve - ry soon.

Sing a song of spaceships,  
Rockets zoom off high,  
Sing a song of spaceships,  
Sparkling in the sky.  
Sing a song of spaceships,  
Going to the moon,  
I hope the spaceships will be safe  
And come back very soon.

Sing a song of spaceships,  
Wave as they pass by,  
Astronauts are floating,  
Busy way up high.  
To keep the old space station  
Circling round and round.  
I wonder if they can see me  
Down here on the ground.
