

Blowing bubbles (2)

<https://riverofsong.uk/>

It's summer and time for water play outside.

Words by Frances B. Wood to a Polish tune; from 'Sixty songs for little children' published 1933.

If you haven't got a bubble pipe, simply put detergent in a mug and blow into it through a straw. Or stir a circle of wire in soapy water and shake or blow it.

Bub - bles from my pipe I blow, One, two, in the air,
Float - ing gai - ly, off they go, Three, four, ev - 'ry - where.

Bubbles from my pipe I blow,
One, two, in the air,
Floating gaily, off they go,
Three, four, everywhere.

Sparkling, shining, see them sail,
Gleaming in the sun!
Airy fairy balls so frail,
Rainbows in each one.
