

# Hello, lovely moon

<https://rivzrofsong.uk/>

*A nighttime journey and lullaby. When the clouds are few to see the moon in all its glory is such a delight especially when the moon is full or a perfect crescent. Many cultures have songs likening the crescent moon to a boat sailing the sky, such a charming image for children. Words and music by Dany Rosevear.*

The musical score is written in treble clef with a key signature of two sharps (F# and C#) and a 4/4 time signature. It consists of five staves of music. Above the notes, chord symbols are provided: A, E7, D, A, E7, A, E7, D, A, A, E7, A, D, A, E7, A. The lyrics are written below the notes.

Hello, lovely moon,  
In the dark, dark sky,  
Tell me why you're sailing  
Way up there so high.  
Are you waiting for me  
To fall asleep tonight,  
To take me off to dreamland  
Until the morning light?

Will you take me with you,  
And rock me as I sleep,  
Sing the softest lullabies,  
As stars around me peep?  
Take me off to Hindustan  
And places far away,  
Then bring me safely home once more  
To greet the coming day.
