

# We can jump

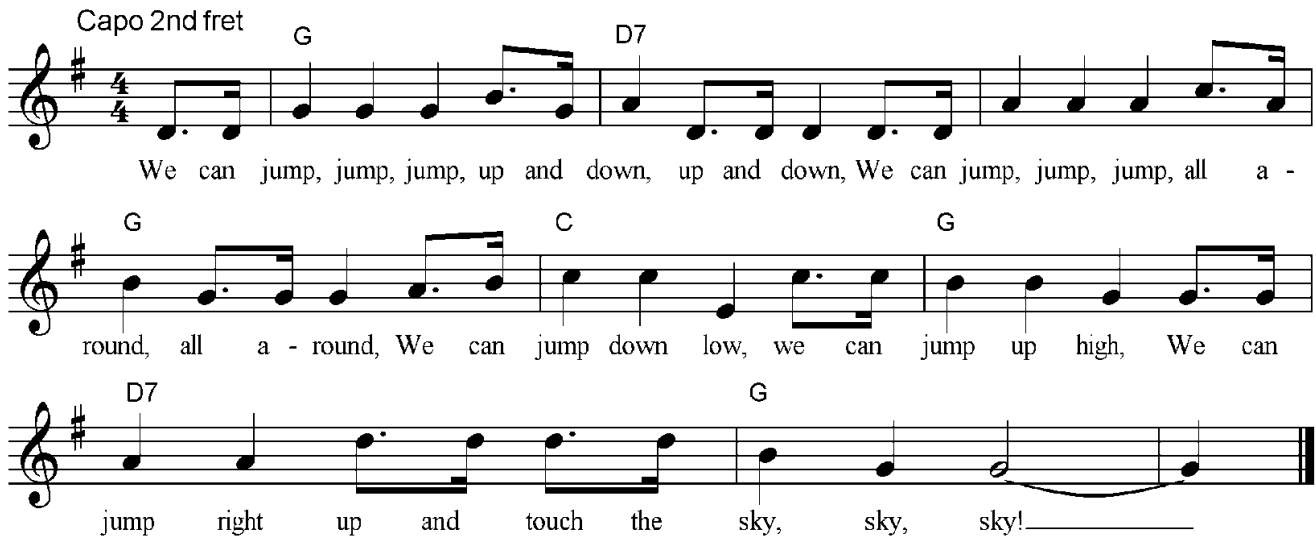

<https://riverofsong.uk/>

*Feeling energetic? Show what you can do together.*

*A transition song for those young ones that always need to move. An adaptable game depending on the age and abilities of your children. Once children are familiar with this song they can sing and move faster. Last time move and sing slowly ready to settle for the next activity. Encourage children to think of other movements such as 'clapping'. An adaptable game depending on the age and abilities of your children.
