Merry bells of Christmas ring

.https://riverofsong.uk/

A cheerful song for the festive season.
By Satis N. Coleman and Alice G. Thorn from 'Music for living through the day' published in 1956. This song can be played lightly and high as children ring small bells or slowly and heavily at a lower pitch with children responding by tugging rhythmically at imaginary bells.

The merry bells of Christmas ring,
Ding dong, ding dong,
And joy to all the children bring,
Ding, dong, ding!
